me: Hi, Clark. I'm having trouble finding the e-mail you sent the other day with notes/ suggestions on my manifesto piece. Could you re-send it?
Clark: sure
Clark: hang on
me: thanks
me: also just did a video on an unrelated matter, let me know what you think
me: http://trueslant.com/barrettbrown/2010/05/28/on-the-violent-gay-sex-fantasies-of-social-conservatives/
Clark: hang on i got it somewhere , i have not deleted anything and i have a lot less to sort thru than you
me: no rush, Charles Johnson suggested I redo this video real quick so it doesn't cut off at the end so he can run it at Little Green Footballs, so won't be working on the manifesto till a bit later today anyway
Clark: OK found it and sent it
me: great, thanks
Clark: I watched the video, I can not see a way to improve on it, other than to complete the final statement. The microphone you are using is really good, the audio is extremely clear.
me: great, I'm doing a redo right now, will have it up in a moment
